INDUSTRY AVERAGE

\$9.60

LAGGARD

\$23.33

WITH DOCUMENT MANAGEMENT

\$1.76*

With document management, you capture invoices electronically – whether fax, mail, email, EDI, etc. – and deliver them to the appropriate people for review, approval and coding.

By electronically managing the documents and information that drive AP processes, you decrease processing time, capture early-payment discounts and decrease processing costs. And with increased visibility into processes, you manage your organization based on real-time information.

Avoid the month-end crush. Automate AP.
